Phoenix-based Alliance Residential is building a 226-unit apartment complex at Van Buren Street and Sarival Avenue in Goodyear.

Broadstone at Canyon Trails should be finished by May. Construction started in September.

The 22 buildings will be built on nearly 13 acres, and the development will have rentals only. The units are planned to have one, two and three bedrooms and will range from about 740 to 1,300 square feet.

The apartments will be at 16450 W. Van Buren St., near Canyon Trails Towne Center, a shopping center by Vestar Development.
